### **On site AED Training**

When you purchase an AED from the Utah Safety Council we will provide you with a 30 minute in-service training regarding the proper placement and use of AED equipment. For those customers located beyond the Wasatch Front, we will provide you with a web conference to accommodate this in-service training. In addition, it is recommended that an organization have at least 10 people trained on CPR and AED.

### **Additional CPR/AED Training**

The Utah Safety Council offers the National Safety Council's CPR and AED course which meets the current OSHA requirements. This training utilizes the latest skills, techniques and expertise in life-saving procedures.

This course follows the Emergency Cardiac Care guidelines and teaches the average person the basics of emergency life support, and takes the fear out of AED use. NEWLY updated student manuals include the CPR Video Self Instruction DVD.

This course is taught by certified instructors. Upon completion, students receive a CPR and AED Certification valid for two years.

\$300 per class (1-10 participants) | \$20 each additional participant [SAVE \\$100 ON TRAINING](#)  
Compare this with the \$800 charge from other organizations!

To schedule this training please contact Brandee, our Training and Development Specialist at (801) 478-7878 ext. 307, (800) 933-5943 ext. 307, or e-mail her at [bsommer@utahsafetycouncil.org](mailto:bsommer@utahsafetycouncil.org).
